About Paris American International University, France

Paris American International University is a French-authorized learning university that allows students to earn diplomas from France. Delivering world-class education, PAI University offers an extensive global experience that helps students build a new perspective on life. This introduces the core principles for innovation, personal development, and providing tools that aid career advancement. PAI University provides students with resources and courses that help them understand global trends and equips them for the global market.

The courses are career-oriented with updated information about the latest technology and business practices. Our courses, content, and training materials follow the latest education trends. We allow students to enjoy a dual form of learning – French and American education format. We believe everyone has the right to good education. With our education format it's easy to get a European degree at PAI University.

Recognition

Doctor of Business Administration

Doctor of Business Administration is intended for accomplished management professionals, consultants, entrepreneurs, executives, and leaders interested in acquiring a real competitive advantage in the management field or pursuing a career in higher education.

This professional Doctor Program in Business Administration is designed to provide participants with the opportunity to make significant contribution to both theory and practice in the field and to develop professional practice at the highest level.

It is a practical and research-based doctoral program in business and industry which is designed for mid-career executives who have already completed the MBA (or equivalent qualification) and are looking to further enhance their practical and theoretical knowledge in the field. As such it is a specialist qualification which is aimed at professional development in business and industry.

It will help students apply research-based thinking to business ideas while deepening and broadening their ideas of business practice. The program provides students with innovative approaches for integrating academic knowledge with professional practice.
