About **EU GLOBAL**

European Global Institute of Innovation & Technology (EU Global), is an accredited Institution of Higher Education, founded with a vision of providing high-quality, accredited education to global learners, enhancing their employability and global mobility. Our teaching andragogy emphasises project-based learning with a focus on evidence-based reflection, enabling the application of conceptual frameworks in real-world decision making. We truly believe in building future competencies with quality education that promotes lifelong employability globally. Our competency Lab offers research, entrepreneurial, sustainability and professional competencies to develop soft skills that formulate attitude and interactions required to be the future leader.

Accreditations, Recognition & INTERNATIONAL FRAMEWORKS

EU Global is a higher education institution licensed by the Malta Further & Higher Education Authority (MFHEA) (License No. 2024-018), operating within the European higher education framework. Its programmes are aligned with the Malta Qualifications Framework (MQF), European Qualifications Framework (EQF), and European Credit Transfer and Accumulation System (ECTS), supporting international academic recognition and mobility.

The institution follows the principles of the Bologna Process and the European Higher Education Area (EHEA), ensuring transparency, quality assurance, and global comparability of qualifications. EU Global is connected with internationally recognized educational and professional networks, including ENIC-NARIC, Erasmus+, WES, APHEI, EURASHE, UNESCO, WASME, and The Malta Chamber.

These affiliations and frameworks reflect EU Global's commitment to academic excellence, international standards, quality education, global employability, and lifelong learning. Graduates benefit from qualifications designed to support further studies, professional development, and international career opportunities worldwide.

About

IIBM INSTITUTE OF BUSINESS MANAGEMENT

IIBM Institute, a leading online education platform, is dedicated to empowering individuals to unlock their professional potential through engaging learning experiences. Offering a diverse range of programs tailored to enhance expertise, IIBM Institute partners with prestigious universities worldwide, including European Institute of Applied Science and Management (EIASM), Swiss International Management Academy (SIMA), and Paris American International University (PAIU), European Global Institute of Innovation & Technology (EU Global) Establishing its marketing operations in 2008, IIBM quickly garnered widespread acclaim from working professionals. In recognition of its commitment to excellence, IIBM Institute was honored with the "Most Trusted Online Learning Institute of the Year" "Emerging Global Ed-Tech Institute of 2025" by the National Excellence Awards 2025 and "Excellence in international DBA education" by ET Industry Leaders Award 2026.

Program Overview

MBA

Master of Business Administration is a 90 ECTS, European Qualifications Framework (EQF) full-degree Level 7 programme. This programme is fully accredited by Council for Higher Education Development, USA. The MBA is designed to provide learners with a strong foundation in management, leadership, finance, marketing, operations, and strategic decision-making. The programme equips professionals with practical business knowledge, analytical thinking, and leadership capabilities required to succeed in today's competitive global environment. It is ideal for graduates and working professionals seeking career progression, managerial excellence, and long-term professional growth. The programme offers a strong understanding of core business functions such as management, leadership, marketing, finance, operations, and strategic planning.

Program

OUTCOMES

- Our program fosters critical thinking and problem-solving skills. You'll learn to analyze complex business problems, break them down into smaller components, and develop creative solutions.
- Develop a strategic mindset to navigate the complexities of the business world.
- You'll learn to analyze industry trends, assess competitive landscapes, and formulate effective business strategies.
- Become an effective communicator and confident leader. You'll hone your presentation skills, written communication, and interpersonal abilities.
- Explore the ethical implications of business decisions and learn to incorporate sustainability into your strategies.
- Stay ahead of the curve with digital literacy and innovation skills. You'll learn to leverage digital tools and technologies to enhance business operations, improve efficiency, and drive innovation.
- Gain a global perspective on business. You'll explore international business practices, cultural nuances, and economic trends.
